WOMAN'S WORLD IN PARAGRAPHS. them because of a sort of intellectual

ana, furnishes many shining examples of accessful business women. In the older states the dairy industry on a large scale fully subordinate position, than to rouse has now drifted mostly into the hands of up and find out things and act for themana we have several signal examples of what women can do not only in dairying, but also in the rearing of beef catin southeastern Indiana is one of the noblest in the country. Mrs. Laura D. Worley, of Elletsville, is so successful Christian woman. Women have the a breeder of butter Jerseys and so suc-cessful a butter maker besides that it remedy for every one of these evils in was at one time proposed by some gal-lant western men to make her chief of the live stock department of

the World's fair. As a matter of fact, she was appointed one of the jurors of award on dairy products. She sells gilt edged butter directly to consumers, without any middleman, and is adding to her bank account year by year. Another progressive Indiana dairy woman is Mrs. Mary C. Alexander, who read a paper before the Indiana State Dairy association on "Dairying as a Successful Occupation for Women." Mrs. Alexander began dairying first with one cow and the most primitive appli-ances. She took up the butter making branch of the work. Now she has many cows, a "brick milkhouse with modern conveniences" and a warm barn for her cows. It is interesting to know that her own fine, strong armed daughters do the own fine, strong armed daughters do the child nature. What books on educa-milking, and they have not found it tion could teach her she learned besides. too hard work for a woman. Mrs. Alexander believes there is something in a woman's gentle touch with a cow and in

a woman's nice sense of cleanliness and her keen sight, smell and taste that par-ticularly adapts her to successful dairying. Mrs. Alexander is quite right. She is at present enlarging her own facilities and going into the business on a larger scale. There is not the drudgery at- age masculine animal is not such a tached to butter making and the care of howling success that women should milk that there used to be.
